TAPE

SIDE SLIT

The image displays a technical drawing of a black polo shirt. The shirt features white piping along the collar, placket, sleeve cuffs, and the bottom hem. Two circular callouts provide close-up views of specific details: the top callout, labeled 'TAPE', shows a close-up of the collar area with a small white label; the bottom callout, labeled 'SIDE SLIT', shows a close-up of the side slit at the bottom hem. The shirt is shown from the front, and a small white label is visible on the left chest area.

TAPE

SIDE SLIT

The image displays a technical drawing of a black polo shirt. The shirt features white piping along the collar, placket, sleeve cuffs, and the bottom hem. Two circular callouts provide detailed views of specific construction elements: the top callout, labeled 'TAPE', shows a close-up of the collar's interior tape; the bottom callout, labeled 'SIDE SLIT', shows a close-up of the side slit at the hem. To the right of the main drawing is a separate, solid black silhouette of the shirt, showing its overall shape and short sleeves.
